Research Experience

H-Bim Wind Turbine (Dr. Goodarz Ahmadi) - Clarkson University | *Jan 2026 - Present*

- Designed a low-cost sail-type cross-wind axis wind turbine using **SolidWorks**.
- Conducted experimental performance testing in a wind tunnel, and analyzed results using **MATLAB** and **Excel**.

Unmanned Aerial Vehicle (UAV) Systems Design (Dr. Nick Tepylo) - Clarkson University | *Apr 2026 - Present*

- Designing an **optimized drone battery housing** to improve weight distribution and structural integrity.
- Developing an **autonomous precision landing algorithm** for designated landing zones.
- Conducting comprehensive research on drone subsystems to **enhance flight stability and operational endurance**.

Transcend Robotics Vantage 1 robot (Dr. Nick Tepylo) - Clarkson University | *Apr 2026 - Present*

- Assisting in the development and iterative **testing of the Vantage 1 robot platform** to identify mechanical bottlenecks.
 - Executing real-world experimental trials to gather performance metrics for system-wide improvements.
 - Collaborating on hardware enhancements to increase the **robot's mobility and adaptability** in diverse terrains.
-

Work Experience

Private Tutor – Math & Chemistry | *Jul 2025 – Present*

- Provided one-on-one instruction to U.S. high school students; **raised test scores from C+ to A+**.
- Developed **customized lesson plans** and practice materials tailored to different learning styles.

Sergeant – Republic of Korea Marine Corps | *Aug 2023 – Feb 2025*

- Delivered **strategic briefings on advanced weapon systems (robotics, drones, autonomous vehicles)** for the U.S. Marine Brigade Commander.
 - Served as **interpreter** for the 3rd Brigade Commander, ensuring effective cross-cultural communication and mission execution.
 - **Trained and supervised 50+ peers** in high-pressure environments, building leadership, discipline, and teamwork.
